Ms. Lianna is the founder of My Music Workshop. She created this preschool music program with her husband, Elias, while working full time as a three-year-old teacher at CMP. She now teaches music to preschoolers full time and is co-author of the Little Music Masters Book Series. ## Sunscreen Reminder

Please remember to apply sunscreen to your preschooler before school each day. Teachers will reapply in the afternoon. CMP does not permit spray sunscreens, as it damages our floors. Thank you for your cooperation!

Please also note that we can not allow the children to have personal hand sanitizers. This is a health risk to our little ones who like to put things in their mouth. Thank you!

## Mud Day Fun Day

International Mud Day was an amazing day for not only our kiddos but our teachers, too! Thank you so much for embracing this messy but fun day. Some of the children loved getting muddy and messy, while some just stood back and watched. Either way, it was a great day and a wonderful learning experience for all!

A special thank you to Ms. Michele and Ms. Marisol for setting up the kitchens. Thank you to CMP dads, Massimo Bettazzi and Massimo

Indemini for building the kitchens.

Please be sure to visit our Facebook page for pictures!

## Pardon Our Dust

Throughout the summer we are adding some exciting upgrades to CMP. We have already installed new cabinets, sinks, faucets, and countertops in all of the classrooms. The new flooring is installed upstairs and will continue to be installed over the weekends. The entire school will be painted inside and out. Our new ZONO was installed in June. Video cameras will be installed by the end of July. Thank you for your cooperation and patience as we make these exciting changes to our school. We are so excited for these improvements!

A reminder that CMP will be closed on Friday, August 12th for Teacher In-Service. We will open our doors from 4:00-6:00 pm for our Fall Open House. This is a great time for you and your child to meet their teacher and visit their new classroom. We hope to see you at Open House!

## #NannyFail

It happens to the best of us! This month's #Fail is from Miss Annie, one of our two-year-old teachers. She shares a funny tale from her days as a nanny.

"Back home I used to nanny for a family. When I first started the mom asked me if I was familiar with doing laundry. Trying to impress, I of course said I had been. I mean how hard could it be? At the time I was living with my parents and was used to my mom always doing the laundry for me. The second time I had been there the mom asked me to do the girl's laundry and I readily agreed. Let's just say all their whites turned out pink and their "very expensive" (expensive) tutus were completely discolored. I was mortified and offered to replace all their clothes, but got a lesson in laundry instead. Since then I've never discolored a piece of clothing again!"

If you have a mom or dad fail that you'd like to share, please send it to [calee@carmelmountainpreschool.com](mailto:calee@carmelmountainpreschool.com).

## Testimonial of the Month

We love hearing all the great things you have to say about CMP!

"Words cannot express how pleased we are with the preschool program that our daughters have been privileged to be a part of. From the day that they began at Carmel Mountain Preschool, the wonderful staff has made learning fun and engaging and has opened up a world of knowledge for our daughters, Lauren and Alyssa. Our daughters have gained so much from already being there. My eldest daughter, now a 6th grader at Mesa Verde Middle School, is a straight "A" student with 4 courses carrying a 100% each. My wife and I know that both their lives have been enriched from the amazing experiences here and my current preschooler will go forward into Kindergarten and with all the skills she will need to be a successful, well rounded student as well. The staff at Carmel Mountain Preschool becomes an extension of your family. The staff constantly provides you with updates and interaction on your child's progress each and every day and are always attentive to your needs and concerns. You definitely know at Carmel Mountain Preschool how much your children are loved and what it means to provide a higher standard of care, both academically and socially." -Marty and Lory Dumo (San Diego, CA)
