IMPORTANT INFORMATION FOR PARENTS

CAREGIVER BACKGROUND CHECK PROCESS CALIFORNIA DEPARTMENT OF SOCIAL SERVICES

The California Department of Social Services works to protect the safety of children in child care by licensing child care centers and family child care homes. Our highest priority is to be sure that children are in safe and healthy child care settings. California law requires a background check for any adult who owns, lives in, or works in a licensed child care home or center. Each of these adults must submit fingerprints so that a background check can be done to see if they have any history of crime. If we find that a person has been convicted of a crime other than a minor traffic violation or a marijuana-related offense covered by the marijuana reform legislation codified at Health and Safety Code sections 11361.5 and 11361.7, he/she cannot work or live in the licensed child care home or center unless approved by the Department. This approval is called an exemption.

A person convicted of a crime such as murder, rape, torture, kidnapping, crimes of sexual violence or molestation against children <u>cannot</u> by <u>law be given</u> an <u>exemption</u> that <u>would allow them to own</u>, <u>live in or work in</u> a licensed child care home or center. If the crime was a felony or a serious misdemeanor, the person must leave the facility while the request is being reviewed. If the crime is less serious, he/she may be allowed to remain in the licensed child care home or center while the exemption request is being reviewed.

How the Exemption Request is Reviewed

We request information from police departments, the FBI and the courts about the person's record. We consider the type of crime, how many crimes there were, how long ago the crime happened and whether the person has been honest in what they told us.

The person who needs the exemption must provide information about:

- · The crime
- · What they have done to change their life and obey the law
- · Whether they are working, going to school, or receiving training
- · Whether they have successfully completed a counseling or rehabilitation program

The person also gives us reference letters from people who aren't related to them who know about their history and their life now.

We look at all these things very carefully in making our decision on exemptions. By law this information cannot be shared with the public.

How to Obtain More Information

As a parent or authorized representative of a child in licensed child care, you have the right to ask the licensed child care home or center whether anyone working or living there has an exemption. If you request this information, and there is a person with an exemption, the child care home or center must tell you the person's name and how he or she is involved with the home or center and give you the name, address, and telephone number of the local licensing office. You may also get the person's name by contacting the local licensing office. You may find the address and phone number on our website. The website address is http://ccld.ca.gov/contact.htm.

Parent and Student Code of Conduct

Family/School Relationship Policy

Carmel Mountain Preschool is committed to providing a safe and supportive environment which promotes growth and a love of learning for both children and staff. We believe children benefit most from a collaborative relationship between the school and our families to best support a child's physical, emotional and intellectual growth.

We strive to create an environment of open communication and respectful sharing of concerns that will lead to prompt resolution of any issue to everyone's satisfaction. Should the need arise, please inform the director of any conflict and we will assist promptly.

Our staff strives to foster the unique potential and growth of each of our children, so it is essential that they feel supported by our school and families. For that reason, we ask for respectful behavior from our parents at all times. We realize that a hostile school environment can be the result of parents who are unsupportive of the school and its mission. We reserve the right to dis-enroll any family at any time without notice for the following behaviors. This includes behavior towards the children, staff or other CMP families. It includes, but is not limited to:

- Use of inappropriate language towards or in front of staff, families or children
- Unprofessional behavior
- Yelling in a loud voice
- Physical harm or intimidating behavior
- Threatening or intimidating language or behavior
- Harassment, including face to face contact and social media
- Speech that harms the school's reputation

Student Behavioral Policy

We help children develop empathy, and learn to consider and respect others and the environment around them. Children are encouraged to solve as many of their own problems as possible under the guidance of a staff member. When a staff member intervenes, we use redirection, positive reinforcement and calming moments, which are all used to help children self-regulate their behavior.

Parents are included in this discipline process so children can see that both parents and teachers reinforce limit setting and appropriate behavior. Parents are notified verbally or in writing regarding discipline actions taken by the teacher, to better aid the child in improving their behavior.

We enact a multi-step process to counsel families when the following have occurred:

- A child displays aggressive behavior for an excessive amount of time.
- The behavior is inappropriate and excessive for the child's age.
- Parents are unwilling to support the child and school in the remediation of the behavior.
- Parents are unwilling to seek outside professional help, if deemed necessary.

In the interest of maintaining a safe and productive learning environment, CMP reserves the right to exclude any child from the program for a specified period of time or to terminate any child's enrollment if the behavior cannot be corrected. In addition, CMP has the authority to release a child at any time who is posing a safety risk to themselves, other children or staff. Examples of unacceptable behaviors include, but are not limited to: excessive hitting, biting, pinching, pushing, kicking, profane language, excessive tantrums or excessive non-compliance. Carmel Mountain Preschool maintains appropriate staff/student ratios to ensure the best possible experience for our children and we are unable to provide one-on-one care.

No Smoking Policy

Carmel Mountain Preschool buildings and property are designated as nonsmoking areas, as per California state law. This includes playgrounds, buildings, parking lots, sidewalks and 50-ft perimeter around our buildings. All employees follow strict adherence to our nonsmoking policy. We ask parents to respect this policy as a matter of consideration for students and staff.

We Encourage Getting Messy & Play Policy

"Dressing for success in preschool means dressing for a mess." Carmel Mountain Preschool strongly encourages our students to play and get messy and learn through all of their senses. Parents understand that they are to send their children to preschool in clothes that may get covered in mud, paint, food, and a variety of other age-appropriate products. Children should arrive at preschool in shoes that allow them to run, jump, ride bikes, climb and be a child safely. Children have the choice to remove their shoes on the playground if the teacher determines it is safe.

I agree to Carmel Mountain Preschool's Parent & Student Code of Conduct.

Carmel Mountain Preschool Parent Field Trip Policy & Procedures

Carmel Mountain Preschool has off-campus field trips throughout the school year - please check with your child's teacher or our online calendar with dates of field trips.

- 1. Students must be potty-trained to attend an off-campus field trip.
- 2. All children who attend the field trip must have a parent signature on the *Permission Slip* sign-up sheet which is located on your classroom's parent board.
- 3. Children will go to and from the field trip in a chartered school bus with seat belts. If you want to drive your child to and from the field trip you may do so, please communicate with your child's teacher if you choose to do this.
- 4. Parents are not allowed to drive other students to and from field trip.
- 5. CMP encourages children who are not scheduled on the day of the field trip to meet their class at the field trip destination. This is not a family or neighborhood event so please just you and your child. Alternatively, you may check with the front office if your child can add that day so you do not have to accompany your child availability based on student-to-teacher ratios.
- 6. If you do not want your child to attend the field trip they will need to stay at home that day, as we do not have extra staff to accommodate them at CMP.
- 7. The size of charter bus will determine the number of parent/grandparent volunteers we are able to accommodate on bus. If you are volunteering please communicate to your child's teacher about whether there is availability for you to ride on the bus or if you will need to drive and meet your child's class there.
- 8. Students must remain under the supervision of the teacher at all times. The entire class must stay together. Parent/grandparent volunteers can be assigned individual children or small groups, but must remain with the group.
- 9. Parent/Grandparent volunteers who attend field trips are asked to be present and attentive to children and refrain from distractions such as cell phones.
- 10. Parents/grandparents who have been designated "parent helpers" may not bring siblings, older or younger, as they cannot properly take care of their children while being a conscientious parent helper.
- 11. If you attend the field trip please do not purchase or bring any outside food for your child or other children. We will provide snacks and water. We have several allergies in our classrooms and children may not share food.
- 12. If you choose to purchase an educational souvenir or book for your child at the field trip please wait to purchase until other children are loaded on the bus unless you plan on purchasing one for each student in the class.
- 13. All parent/grandparent volunteers attending the field trip must park in top parking lot if they ride the chartered bus.
